

Highlights of the meeting of the JSB permanent members on 19 November 2015

The JSB members had an exchange of views with the Vice-President, Administrative Director and Head of Operational Support of Eurojust on the follow-up being made by Eurojust to the recommendations of the JSB's January 2015 inspection visit.

The members received information about developments in the draft Eurojust regulation, the European Public Prosecutor's Office (EPPO) proposal and the data protection reform package. The Administrative Director informed about the progress in the construction of Eurojust's new premises.

The Head of the Human Resources Unit presented the status of the implementation of the outstanding recommendations from the JSB's last inspection of the HR Unit in 2012 and invited the JSB's feedback on possible solutions.

The Head of the Information Management Unit provided an update on the state of play of various information management projects, as well as an overview of the secure network connections established with authorities in Member States.

The ICT Security Officer presented the latest revision of the Eurojust Security Rules for the consideration of the JSB. The JSB expressed satisfaction with the proposed revision of the Security Rules.

The Chair of the External Relations Team provided an overview of the state of play of negotiations and relations with third countries. The JSB stressed that third states, in receipt of personal data from the EU, should have an adequate level of data protection, as underlined by the European Court of Justice in the recent Schrems case, prior to the start of the negotiation of a cooperation agreement.

The dates of the next meetings of the Joint Supervisory Body in 2016 will be:
