Introduction

The present report has been drawn up in accordance with Article 63 of Regulation (EU) 2018/1727 of the European Parliament and of the Council of 14 November 2018 on the European Union Agency for Criminal Justice Cooperation (Eurojust), replacing and repealing Council Decision 2002/187/JHA, and Article 103 of the Eurojust Financial Regulation (FR) of 17 September 2019.

The report summarises Eurojust's budgetary and financial management during 2019 and outlines the agency's financial situation, budget evolution and main events with impact on budgetary performance. In order to provide a complete picture of the agency's budgetary performance, it should be read in conjunction with other corporate publications, such as the Annual Accounts, the Consolidated Annual Activity Report and the Annual Report.

2019 Budget Highlights

- ☑ Eurojust's 2019 budget was voted in the amount of EUR 38.1 M, which was EUR 471 K less than the 2018 budget and EUR 3 M less than Eurojust's 2019 request. Consequently, Eurojust assigned negative priorities to a number of activities of the 2019 Annual Work Programme.
- ☑ Eurojust submitted an amending budget request to the Commission to cover a forecasted shortfall of EUR 1 M for temporary and contract staff salaries, and pending the outcome of this request, put in place mitigating measures delaying further activities. In October, the Commission approved a transfer of EUR 777 K, which was allocated to Title 1 to cover the temporary staff salary deficit.
- ☑ Eurojust incorporated in the adopted amending budget also the pro rata contribution of Denmark for its representative status under the new Eurojust Regulation which entered into force on 12 December 2019; yet, these additional funds were not cashed by the end of 2019¹.
- ☑ Of the EUR 38,9 M final budget excluding Denmark's contribution, Eurojust implemented 99,88%, with EUR 45 K unused.
- ☑ Eurojust carried-over to 2020 EUR 3,7 M of non-differentiated commitments with the associated Payment Appropriations and cancelled only 4,75% of the respective 2018 carry-overs of EUR 4,7 M.
- ☑ In order to ensure optimal budget execution, there were six budget transfer exercises, with their total amount reduced by 42% compared to 2018.
- ☑ The unparalleled growth in key operational areas, exceeding initial budget assumptions, did not require a significant transfer to Title 3, due to under-implementation for Seconded National Experts and the limited expenditures for the development of new ICT operational systems, given Eurojust's participation in the Commission's Digital Criminal Justice study.
- ☑ Eurojust achieved or exceeded the majority of its key budgetary performance indicators and thus budget reductions will not be applicable for the 2021 budget.

¹ Since Denmark's contribution was not received by 31 December 2019, it is not included in the figures and tables of the present report, unless stated otherwise.

1. Overview of the budget

1.1. Initial budget, amendments/transfers and final budget

1.1.1. Establishment of initial budget

The Eurojust Management Board adopted on 23 January 2018² and reconfirmed on 27 March 2018³ the agency’s estimate of revenue and expenditure for 2019 in the total amount of EUR 41 176 132, on the basis of a proposal by the Administrative Director.

In order to ensure business continuity and efficiency despite the delay in the conciliation process between the European Parliament and the Council, the Management Board adopted on 11 December 2018⁴ a “non-definitive” initial budget for 2019 in the amount of EUR 37 778 737, based on the European Commission’s first draft budget proposal of 23 May 2018.

On 29 January 2019⁵ the Management Board adopted the “definitive” initial budget for 2019, based on the Commission’s second proposal voted by the budgetary authority. This amounted to EUR 38 136 237 in Commitment Appropriations (CA) and EUR 37 996 237 in Payment Appropriations (PA).

Amounts in EUR thousands

Figure 1 – Budget evolution per title

The initial budget was around EUR 3 M less than Eurojust’s draft budget request. Due to this shortfall, Eurojust assigned negative priorities and reduced resources to a number of activities of the 2019 Annual Work Programme, including Joint Investigation Team (JIT) grants, coordination meetings, operational missions and translations, activities of secretariats and corporate communications, as well as ICT operational projects, infrastructure and security.

³ College Decision 2018-07
⁴ College Decision 2018-20
⁵ College Decision 2019-04

1.1.2. Amending budgets

In April 2019, Eurojust submitted to the Commission a request for an amending budget to cover a forecasted shortfall of EUR 982 157 in the temporary and contract staff salaries and put in place mitigating measures pending the outcome of this request. These measures included:

- delaying recruitments and retaining a higher vacancy rate of 1,9% compared to 1% in 2018; and
- suspending expenditures in areas such as ICT projects and infrastructure (EUR 1 049 K), staff trainings (EUR 200 K), security (EUR 55 K) and furniture (EUR 28 K).

Eurojust was able to cover the deficit in temporary staff salaries through this amending budget request that the Commission approved for the part that concerned this type of staff in October 2019.

Table 1 – List of amending budgets⁶

ID	Date of Adoption	Main Subject Description	Impact on CA (EUR)	Impact on PA (EUR)
1	15/10/2019	Additional EU subsidy granted for the temporary staff salaries' shortfall	777 000	777 000
		Financial contribution from Denmark for the period after the entry into force of the Eurojust Regulation on 12 December 2019 ⁷	41 028	41 028

1.1.3. Budget transfers

There were six budget transfer exercises in 2019, with their total volume and therefore impact on CA/PA reduced by 42% compared to 2018.

Transfers were needed to cover additional expenses in certain areas such as contract staff salaries, external lawyer services, corporate insurances and building equipment furniture, as well as to reinforce areas impacted by 2019 negative priorities and prior years' reductions such as coordination meetings, ICT organisational projects and infrastructure and corporate communications.

Table 2 – List of budget transfers⁸

ID	Date of Adoption	Main Subject Description ⁹	Impact on CA (EUR)	Impact on PA (EUR)
1	26/03/2019	To cover increased external lawyer services and higher contract prices for corporate insurances	72 654	72 654
2	21/06/2019	To cover additional external lawyer services, ICT consultancy required to ensure business continuity and communication initiatives	168 496	168 496
3	22/08/2019	To cover change requests for the new Eurojust Mission Authorisation and Planning system	69 522	69 522
4	22/10/2019	To cover building and ICT equipment replacements, library costs for the College and communication initiatives	367 677	367 677

⁶ The amending budget was adopted by the Management Board (College Decision 2019-13).

⁷ Since Denmark's contribution was not received by 31 December 2019, it is not included in the figures and tables of the present report, unless stated otherwise.

⁸ All transfers were adopted by the Administrative Director and were notified to the Management Board for information.

⁹ This summarises the main transfers (exceeding EUR 25 000).

5	09/12/2019	To cover increased costs for coordination meetings, salary deficits for contract staff and additional needs for building and ICT infrastructure and equipment	463 827	463 827
6	16/12/2019	To bring forward priority investments on ICT infrastructure and equipment, using funds available at the end of the year due to uncertain nature of costs such as missions and deferred expenditures for new ICT operational projects, given Eurojust's participation in the Commission's Digital Criminal Justice study	221 599	221 599

1.1.4. Final budget

The next table provides an overview of the 2019 final budget, as resulted from the abovementioned amendments/transfers on the initial budget, while Annex I further clarifies the developments per title.

Table 3 – Initial budget, amendments/transfers and final budget¹⁰

Title	Initial Budget (EUR)		Amendments/Transfers (EUR)		Final Budget (EUR)	
	CA	PA	CA	PA	CA	PA
Title 1	20 949 982	20 949 982	902 955	902 955	21 852 937	21 852 937
Title 2	7 539 517	7 539 517	-132 325	-132 325	7 407 192	7 407 192
Title 3	9 646 738	9 506 738	47 398	47 398	9 694 136	9 554 136
Total	38 136 237	37 996 237	818 028	818 028	38 954 265	38 814 255

1.2. Budget implementation

1.2.1. Reference year appropriations¹¹

In 2019, Eurojust maintained a very high level of budgetary performance, similar to previous years.

Table 4 – Eurojust budgetary performance 2014-2019

Budget Execution	2014	2015	2016	2017	2018	2019
Final Budget (EUR Thousands)	33 667	33 818	43 540	48 689	38 607	38 913
Committed (EUR Thousands)	33 607	33 770	43 493	48 674	38 582	38 868
Committed / Final Budget (%)	99,82%	99,86%	99,89%	99,97%	99,94%	99,88%
Paid / Committed (%)	87,47%	89,10%	80,50%	83,98%	86,96%	90,72%
Paid / Final Budget (%)	87,31%	88,97%	80,42%	83,95%	86,91%	90,61%

The CA execution rate reached 99,88%, representing a surplus of only EUR 45 334. This surplus mainly related to unused appropriations for coordination meetings and missions, due to the uncertain nature of the actual costs.

The payment rate of these commitments reached 90,72%, which was higher than all recent years. This was particularly due to improvements in Titles 2 and 3, where compared to 2018 the payment rate

¹⁰ As per College Decision 2019-13, the Amendments and Final Budget include the Danish contribution of EUR 41 028 which was not cashed by 31 December 2019.

¹¹ C1 fund source

increased by 5,1% and 8,97% respectively. Concerning specifically Title 2, these improvements were due to Eurojust's improved cooperation with the host state.

Table 5 – Implementation of 2019 CA and PA

Title	Final Budget (EUR)	Committed (EUR)	Committed / Final Budget (%)	Paid (EUR)	Paid / Committed (%)
Title 1	21 811 909	21 803 035	99,96%	21 527 068	98,73%
Title 2	7 407 192	7 401 035	99,92%	6 252 382	84,48%
Title 3	9 694 136	9 663 833	99,69%	7 480 092	77,40%
Total	38 913 237	38 867 902	99,88%	35 259 543	90,72%

1.2.2. Appropriations carried-over from previous year(s)

1.2.2.1. Automatic carry-overs¹²

Of the EUR 4 744 090 carried over from 2018, only 4,75% was cancelled. These cancellations were the result of lower than estimated expenditures for coordination meetings and other Eurojust meetings (EUR 78 K), ICT projects (EUR 49 K) and ICT infrastructure (EUR 12 K).

Table 6 – Implementation of automatic carry-overs from 2018 to 2019

Title	Carried-Over (EUR)	Paid (EUR)	Paid / Carried-Over (%)	Cancellations (EUR)	Cancelled / Carried-Over (%)
Title 1	253 719	234 889	92,58%	18 830	7,42%
Title 2	1 506 370	1 460 348	96,94%	45 833	3,04%
Title 3	2 984 000	2 823 428	94,62%	160 572	5,38%
Total	4 744 090	4 518 665	95,25%	225 235	4,75%

1.2.2.2. Non-automatic carry-overs¹³

Of the EUR 73 658 of differentiated PA for JIT grants carried over from 2018 to 2019 under the C2 fund source¹⁴, only EUR 575 were subsequently cancelled.

Eurojust also cancelled an amount of EUR 95 984 (7,33%) which stemmed from 2017 CA and were (re)used for awards in 2017 and 2018.

1.2.3. Internal assigned revenue

1.2.3.1. From 2019¹⁵

In accordance with Article 20 of the Eurojust FR, Eurojust used the following items of internal assigned revenue to finance similar items of expenditure:

- Under Title 1, an amount of EUR 21 890 arising from the repayment of overpaid staff expenses related to salaries and missions;
- Under Title 2, an amount of EUR 232 242 arising mainly from the sale of service vehicles (EUR 100 000), rebate of energy and water taxes and overpaid advances for utilities (EUR 108 746),

¹² C5 and C8 fund sources

¹³ C2 fund source

¹⁴ College Decision 2019-03

¹⁵ C4 fund source

ICT organisational projects (EUR 15 207) as well as to smaller degree from recovery of costs related to insurance, staff telephony services and postage services; and

- Under Title 3, an amount of EUR 64 062 arising mainly from recovery of overpaid advances for catering and operational missions (EUR 23 636), ICT operational projects (EUR 35 483) and recovery of telephone costs (EUR 3 441).

Of the above listed appropriations totalling to EUR 318 195, EUR 90 563 (28,46%) was committed. Of these commitments, EUR 71 780 was paid in 2019 and the rest was carried over to be used as C5 fund source in 2020 (see section 1.2.4.1).

1.2.3.2. *Carried-over from 2018 to 2019*¹⁶

An amount of EUR 29 401 of CA stemming from 2018 internal assigned revenue was carried over to 2019. These CA were executed almost in full (99,35%) and for the same expense types for which the revenue was initially assigned. EUR 19 500 (66,32%) were used to purchase office furniture, while the remaining concerned missions and related insurances.

The committed amounts were paid almost in full by the end of 2019, with only EUR 189 of the PA carried over to be used as C8 fund source in 2020 (see section 1.2.4.1).

1.2.4. Carry-overs to following financial year

1.2.4.1. *Automatic carry-overs*¹⁷

The level of carry-overs of commitments from 2019 to 2020 was EUR 4 740 230, of which EUR 3 487 333 stemming from non-differentiated appropriations and EUR 1 252 898 stemming from differentiated appropriations that were outstanding claims for grants related to JIAs. The automatic carry-overs of CA stemming from 2019 assigned revenues¹⁸ amounted to EUR 227 631.

The automatic carry-overs of non-differentiated PA amounted to EUR 3 714 964. These are considerably lower than the previous year (EUR 4 744 090) and are mainly due to the reasons below:

- An amount of EUR 2 M concerns outstanding orders related to ICT projects and infrastructure, which were delayed due to the need to maintain a reserve and further assess business needs and priorities, in view of the 2019 budget constraints and specifically the deficits in staff salaries.
- An amount of EUR 352 K relates to estimated building service costs (utilities, maintenance, security etc.) to be invoiced during 2020 by the host state on a retroactive basis.
- Outstanding payments of EUR 213 K relates to estimates for coordination meetings and other Eurojust meetings occurring in 2019 (travel and accommodation of external participants, interpretation, catering).
- An amount of EUR 198 K relates to outstanding orders for corporate communication projects.
- An amount of EUR 228 K stems from 2019 assigned revenues¹⁹ and primarily concern building maintenance and utilities (EUR 93 K) and selling of cars (EUR 71 K).

¹⁶ C5 fund source

¹⁷ C5 and C8 fund sources

¹⁸ C4 fund source

¹⁹ C4 fund source

Table 7 – Automatic carry-overs from 2019 to 2020

Title	Carry-Overs Non-Differentiated (EUR)		Carry-Overs Differentiated (EUR)	Total Carry-Overs (EUR)
	To C8 fund source	To C5 fund source	To C8 fund source	
Title 1	275 967	3 000	-	278 967
Title 2	1 166 492	185 405	-	1 351 897
Title 3	2 044 874	39 226	1 252 898	3 336 998
Total	3 487 333	227 631	1 252 898	4 967 862

1.2.4.2. Non-automatic carry-overs²⁰

All C1 differentiated PA related to JIT grants were consumed in 2019. Thus, no related PA were carried over to 2020 as C2 fund source.

1.2.5. Payments within legal time limits²¹

In 2019, Eurojust paid 81,9% of the invoices and claims within the legal time limits set in the FR.

For the non-differentiated PA that are subject to a 30 day time limit²², the average payment time was 18,6 days. As a result of late payments, two interest payments were made to two suppliers (Comparex Nederland BV and European Commission), totalling EUR 293,85.

For the differentiated PA related to JIT grants which are subject to 60 day time limit in view of the moderate complexity of financial and action reporting related to JIT grants, the average payment time was 50,2 days, with 64,9% of the claims reimbursed within the time limit. The average decreased by 11,9 days compared to 2018 and is expected to be further reduced in 2020.

Table 8 – Time to pay for JIT grants²³

Year	Number of Claims Reimbursed	Average of Net Payment Days	Average of Suspension Days	Average of Absolute Days
2018	270	62,1	28,4	90,5
2019	328	50,2	21,2	73,9
Difference	58	-11,9	-7,2	-16,6

²⁰ C2 fund source

²¹ All fund sources

²² This deadline does not apply for reimbursement of mission claims.

²³ Based on a comparison of executed payments in the period 1 January to 31 December

2. Multi-annual overview

2.1. Operational workload

As a demand-driven agency, Eurojust's operational workload is continuously increasing in excess of all projections. Between 2014 and 2019, the number of registered cases increased by 116% with an annual average growth of 17%. The unparalleled casework growth has correlated with a rise in demand by the Member States for Eurojust's judicial cooperation tools, primarily coordination meeting/centres and JIT grants. The 2019 key operational statistics exceeded the initial assumptions and already approached the 2021 forecasts underpinning Eurojust's proposal for the Multi-annual Financial Framework 2021-2027.

However, this growth has not come with a corresponding increase in Eurojust's financial and human resources. Through capitalising on a number of efficiency gains initiatives and applying negative priorities, Eurojust managed to increase its caseload/staff ratio²⁴ from 7,7 in 2014 to 17,4 in 2019.

Notwithstanding this, the 2019 operational and budget statistics showed that Eurojust reaches the limits of these efficiency gains, and without reinforcement of its workforce, cannot accommodate the increasing demand from Member States for enhanced services.

2.2. Key operational expenditure areas

2.2.1. Coordination meetings and centres²⁵

In order to respond to the unprecedented growth in the number of coordination meetings, Eurojust continued to closely monitor and control, to the extent possible, the related expenditure. Nevertheless, year by year, Eurojust's capacity to accommodate the growth through reductions in average costs is exhausted.

The average cost was decreased from EUR 6 200 in 2018 to EUR 6 179 in 2019 (0,34%), reflecting predominantly savings in accommodation and interpretation services. However, this was not sufficient to cover the 38 more meetings than initially forecasted (390) and a significant budget transfer was needed from Title 2.

²⁴ For a year, total number of new cases referred to Eurojust over the total temporary and contract staff authorised by the budgetary authority.

²⁵ Taking into account only the payments executed by 31 January 2020

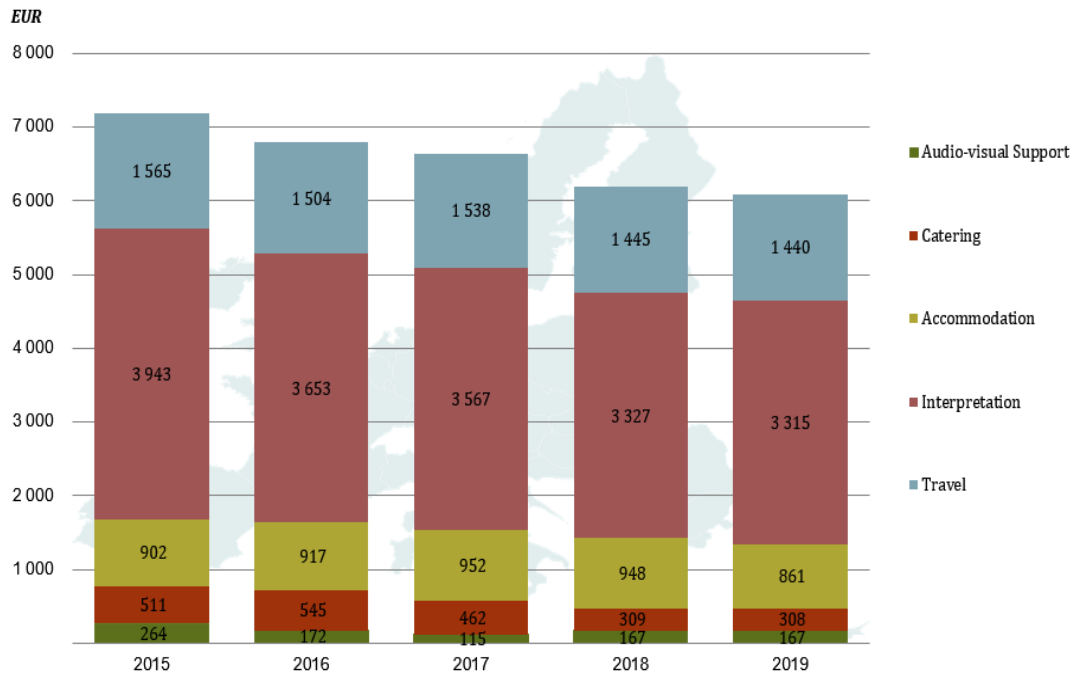

Figure 2 – Average coordination meeting expenditures per category

As in previous years, coordination meeting expenditures showed a high variance, up to EUR 26 K, depending on the complexity of the case(s), the number of countries involved and the subsequent interpretation needs.

The proportionately higher number of meetings in the last quarter of 2019 explain the expenditures' peak in this period and the carry-over of EUR 209 402 of outstanding commitments related to meetings that took place late in the year.

Figure 3 – Quarterly evolution of coordination meeting expenditures

2.2.2. Financial assistance to Joint Investigation Teams

In 2019, the budget allocated to grants pertaining to financial assistance to JITs was EUR 1 442 000 in CA and EUR 1 302 000 in PA, including EUR 442 000 from 2019, EUR 550 000 from 2018 and EUR 310 000 from 2017.

Whilst the budget allocation for JIT grants remained at the 2018 levels, the increases by 26% in the number of applications and by 36% in the total requested amount reflected the continuous growth in the Member States' demand for financial assistance to establish JITs.

The re-use of unclaimed funds from awards in 2017-2018²⁶ allowed Eurojust to award a higher amount to Member States' investigative operations. The claims related to those awards were reimbursed until the end of 2019 at lower levels than the initial awarded amounts to the beneficiaries and after that point the use of these funds for new awards is not permitted.

Figure 4 – Evolution of JIT grants adopted budget, requested, awarded and paid amounts²⁷

Regarding the time to grant²⁸, the operational nature of the JIT funding programme requires that practitioners can plan their activities. Hence, there are eight calls per year (a new one every 45 days), which are published in advance. In 2019, the number of days between the deadline for applications and the award decision ranged between 18 and 25 days, with an average of 19,75 days. The new Eurojust Regulation provides Eurojust with the possibility to award funds also outside these calls.

Last but not least, the nature of JIT grants provided by Eurojust is significantly different to most EU grants that have a longer duration and plans that lie, to high extent, within the control of the beneficiaries. Implementation of the respective budget is influenced by many factors outside Eurojust's or beneficiaries' control, which may cause extensive cancellations of PA. Given the Framework FR provision to utilise C1 funds prior to C2 ones, Eurojust pays particular emphasis on improving the planning of PA, in order to mitigate the risk of cancellations because of unforeseeable or uncontrollable circumstances.

²⁶ Amounts not implemented/claimed in full by beneficiaries due to various external and uncertain factors of investigative/judicial nature

²⁷ The paid amount for 2019 reflects Eurojust's projection as at 9 January 2020.

²⁸ Regulated by Art. 194(2) of the EU FR 2018

3. Revenue

3.1. Nature of revenue

In 2019, Eurojust received a budget of EUR 38 913 237 from the general budget of the European Union, including EUR 38 450 559 of fresh appropriations and EUR 462 678 of assigned revenue deriving from 2017 surpluses.

An amount of EUR 38 773 237 was cashed, including differentiated appropriations for JIT grants and non-differentiated appropriations for all other budget lines. Additionally, a revenue of EUR 1 000 601 concerned the recovery of overpaid expenses in the areas presented in section 1.2.3.1 and an amount of EUR 682 406 for re-delivery costs of Eurojust’s old premises.

Table 9 – Revenues

Revenues	Executed Budget (EUR)
1. Revenue from fees and charges	
2. EU contribution	38 773 237

The following terms, abbreviations and acronyms are used in the present report:

Abbreviation	Description
C1	Reference year appropriations
C2	Appropriations not automatically carried over (carried-over upon College decision)
C4	Appropriations from internal assigned revenue
C5	Appropriations from internal assigned revenue automatically carried-over
C8	Reference year appropriations automatically carried-over
CA	Commitment Appropriations
EJN	European Judicial Network
FR	Financial Regulation
ICT	Information and Communication Technology
JIT	Joint Investigation Team
JSB	Joint Supervisory Body
PA	Payment Appropriations
SNE	Seconded National Expert

Annexes

I. Budget developments per title²⁹

Title	Initial Budget		Amendments/ Transfers		Description	Final Budget	
	CA	PA	CA	PA		CA	PA
Title 1	20 949 982	20 949 982	902 955	902 955	<p>Although the Title 1 initial budget was increased to EUR 20,9 M, this marginal increase of 0,4% was not sufficient to meet the forecasted salary obligations for temporary and contact staff.</p> <p>Since the beginning of 2019, a large deficit in staff salaries in the order of EUR 982 K did not allow Eurojust to recruit all posts foreseen in the Establishment Plan and led to the submission of an amending budget request to the Commission. This was partly granted in October and solved the deficit for temporary staff.</p> <p>Several transfers from Title 2 to Title 1 were needed to solve the deficit for contract staff salaries, as well as other emerging needs such as the increased external lawyer services to deal with unforeseen cases.</p>	21 768 010	21 768 000
Title 2	7 539 517	7 539 517	- 132 325	- 132 325	<p>The Title 2 initial budget was increased to EUR 7,5 M compared to 2018. This 9.3% increase was primarily due to the reinstatement of the EUR 1,1 M for the building rent, which in 2018 had been partly paid from 2017 internal assigned revenues, and secondly due to budget reinforcements for the administration's ICT infrastructure.</p> <p>These increases were partly off-set by efficiency gains and/or negative priorities in most other Title 2 areas, primarily concerning ICT organisational projects, telecommunications, security and corporate insurances.</p> <p>In most of these areas, Eurojust maintained the efficiency gains and/or negative priorities throughout 2019. As an exception, Eurojust reinstated the reductions concerning ICT organisational projects in order to finalise the implementation of the new ICT organisational systems that were initiated in 2018; corporate insurances because of the new contract's higher prices; and furniture due to the</p>	7 539 517	7 539 517

²⁹ As per College Decision 2019-13, the Amendments and Final Budget include the Danish contribution of EUR 41 028 which was not cashed by 31 December 2019.

					<p>need to increase the capacity of the staff restaurant and bring forward replacements in view of the current contract's expiration,</p> <p>In addition, Eurojust identified further efficiency gains in building maintenance, security and vehicle services, which allowed transferring funds to Title 3 to accommodate more coordination meetings.</p>		
Title 3	9 646 738	9 506 738	47 398	47 398	<p>The Title 3 initial budget decreased by EUR 1,19 million (11%) compared to 2018, with almost all operational areas affected by the negative outcome of the 2019 budget negotiations.</p> <p>This forced Eurojust to apply negative priorities in operational activities including Joint Investigation Team (JIT) grants, coordination meetings, operational missions and translations, activities of secretariats and corporate communications, as well as new ICT operational projects and infrastructure.</p> <p>In addition, during the year, Eurojust deferred further expenditures for ICT operational projects, given the agency's participation in the Commission's Digital Criminal Justice study. Due to the fact that some of the SNEs were at no cost for Eurojust, the respective budget allocation was also not fully used.</p> <p>Due to these developments, the unparalleled growth in key operational areas, exceeding initial budget assumptions, did not require a significant transfer to Title 3. A transfer from Title 2 was needed to reinforce the budget for coordination meetings.</p> <p>Several transfers within Title 3 allowed to reinforce library resources and new corporate communications, concerning new communication initiatives and supporting among others the entry-into-force of the new Eurojust Regulation in December.</p>	9 646 738	9 506 738
