

# IPC

INTELLECTUAL  
PROPERTY  
CRIME PROJECT

## Analysis and reporting

Analysis of national case law and legislation related to IP rights and their enforcement.

Preparation of reports on legal modalities of IP rights enforcement.

## Awareness raising and capacity building

Organisation of meetings and training sessions.

Dissemination of information materials, such as brochures, fliers, factsheets and guidelines.

## Cooperation with Member States and contributing third countries

Cooperation with Member States, third countries, EU agencies and bodies, international organisations and private sector to foster knowledge on IP rights enforcement.

## Operational support

Facilitation of the exchange of IPC-specific knowledge and provision of legal advice
